

## **CEBS Server Maintenance Schedule**

The CEBS server regular maintenance schedule is the 3rd Saturday of every month. CEBS may not be available for short periods on this day.

CEBS also performs regularly scheduled code and data releases, typically on the 3rd Wednesday of each month starting at 4pm Eastern.

CEBS code and data releases are guaranteed to be completed by 10am the next morning.

This schedule may be adjusted for holidays or other reasons.
